Description

This course expands on the basics of handguns, ammunition, safety, handling, and personal defense. The intent of the Intermediate Handgun Course is to take the student to the next level beyond the basic classes. You will review gun safety, continued concentration on the fundamentals such as marksmanship, sight alignment and trigger control while progressing toward more advanced subjects. Students will be introduced to retention considerations, malfunction drills, and reloading. Other Personal Defense topics such as situational awareness, movement and shooting, and use of deadly force will be covered. This is not just a "paper target" course numerous Modern Targeting Systems and moving targets will be used during this course of fire.

Training Objectives

This course is designed to increase a student's proficiency and skills with a handgun for safety and personal protection in defense of their person or another. This is a complex program and safety is paramount, all students must be competent and adhere to all safety rules.

Prerequisite

Former or Active Law Enforcement, CCW Holders, Basic handgun, Personal Protection or equivalent experience. Modern Semi-automatic handguns required – no revolvers.

Required Gear

A modern and functioning handgun, 500 rounds of factory ammunition, three magazines, strong side waist holsters only, wrap-around eye protection, ear protection, baseball cap or rimmed hat.

Recommended Gear

Knee/Elbow pads, warm and or layered clothing, sunscreen, & water
